
Creative // Web Designer

Are you a talented Web Designer looking for a progressive role in a growing Creative team?

We need a Web Designer with a proven track record to join our boutique Melbourne Digital Agency, providing unique, custom web design/development, mobile and online marketing solutions to SME's, corporate and non-profit organisations.

You'll not only easily deliver quality web & graphic design work to a high standard, but with a highly creative flair, too. Comprehensive HTML5 & CSS3 skills are required for this position, as you'll be responsible for initial front-end development of your designs for some projects. Your solid knowledge of CMS platforms like SilverStripe, WordPress and Magento will certainly be to your advantage.

Applicants must have a minimum of 3 years' experience in a studio environment, along with a strong creative and web design portfolio.

Required skill sets include:

- Creative thinker with UX and goal orientated design approach
- Adobe Creative Suite
- HTML5 & CSS3
- CMS/eCommerce integration
- Responsive UI design
- Excellent understanding of web technologies, including Bootstrap/Foundation & JQuery
- eDM design & development
- Logo design & branding
- Offline graphic design for print
- W3C web standards
- Mac OS.

Other requirements:

A passion for web/digital design & attention to pixel perfect detail

Excellent time management skills

Use of work flow planning & project management systems (we use Jira)

Ability to work well under pressure & meet tight deadlines when required.

Salary package is negotiable dependent upon experience & skill level. Please only apply if you are seeking a full time, "in-house" position, as we are not currently seeking outsourcing partners or freelance designers.
